1. Go to MyMediaMall at <http://www.mymedimall.net>
2. Search for **Kindle** formatted ebooks. We recommend using the **Advanced Search** in the upper left corner and limiting to Kindle format. Please note, you may not have this option if you are using the mobile version of the website.
3. When you find a Kindle title that you want to check out, add it to your cart.
4. Check out using your **Glenview Library card number**.
5. Once the item is checked out, click on the button **Get for Kindle**.
6. MyMediaMall will redirect you to **Amazon.com**, where you must be logged in to your Amazon account to proceed.
7. Once you are logged in, look for the **Get Library Book** button on the right side of the page. Below this button you will see the options for delivering your ebook. Select where you want the book "delivered" to (Kindle, PC, iphone, etc), then click **Get Library Book**.
8. You will see a confirmation page to let you know the item was delivered successfully.
9. Your eBook will be available on your Kindle, computer or mobile device the next time you sync.
