Guidelines For Library Use Policy

The Glenview Public Library (“library”) seeks to provide its users with a safe and pleasant Library experience in an atmosphere conducive to study, reading and appropriate use of materials and services. The residents of Glenview expect the library facility to be a clean, comfortable, and safe place for selecting materials, reading, researching, studying, writing and attending library or community sponsored programs and meetings. To this end, the library is responsible for establishing rules of conduct to protect the rights and safety of library patrons, volunteers, and staff and for preserving and protecting the library’s materials, equipment, facilities and grounds.

The Youth Services Department is reserved for use by children, their parents or guardians. Teachers and other adults with a personal or professional interest in children’s resources are also welcome in this department.

The library reserves the right to limit the size and number of items brought into the library. All bags, containers and other articles are subject to inspection by security and other authorized personnel.

Use of covered beverages in the library facility is allowed by library policy. A patron is responsible for any damage to library materials or property caused by the improper or careless use of his/her beverage.

Enforcement of these rules will be conducted in a fair and reasonable manner. Persons who violate these Guidelines may receive a warning from library staff and/or security personnel and an opportunity to cease the violation or leave the library. Failure to comply with the library’s established rules, regulations, and policies could result in removal from the premises and suspension of library privileges. It may also result in expulsion from the library for a period of one day to one year or, in more serious cases, a period to be determined by the library Board of Trustees. Expulsion for more than one week may be appealed in writing to the Library Board of Trustees. Persons who are banned from the library for a period of one year must submit a written request to the Library Board of Trustees for reinstatement of library privileges.

Violations may result in the restriction and/or termination of library privileges, including the use of library computers and other equipment. In addition, where authorized by Federal, State or local law, violation of these Guidelines may also result in arrest and prosecution.

In order to ensure the safety of all users, the following behaviors are prohibited:
