Board Game Description

Players: 2-4 // Time: 15-60 Min

Age: 12+ // Weight: 1.91

Illimat supports two to four players and a single round takes approximately fifteen minutes. The cloth board is divided into four fields, and the box the game comes in is also a component of the game: it sits in the center of the board and sets the seasons for each field, which affects the actions that can be performed in each field. Turning the box and changing the seasons is a critical part of the strategy of the game.

Feels like a classic card game with modern flavor

Illimat
