## Board Game Description

Players: 1-5 // Time: 30 -60 Min

Age: 8+ // Weight: 2.15

While playing Railroad Rivals, you connect cities via one of the twelve great railroads that stretched across the United States, while simultaneously building your stock portfolio. You then use those railroads to make deliveries that drive up the price of your stocks. At the end of the game, the player who has run the most profitable railroad while also owning the most valuable stocks becomes the greatest of all of the railroad rivals!
