## On a Positive Note... Keeping Our Community Connected

On a Positive Note is a special project to keep older adults connected during the statewide stay at home order. The goal is to send positive, uplifting, and caring thoughts to those most in need of maintaining social connections; older family members, friends, neighbors, and those living in senior buildings and care facilities in Glenview.

**Print** the template • **Decorate & write** an uplifting message • **Mail** to someone that might need a smile!

For more information, and a list of buildings/care facilities, visit [glenviewpl.org/PositiveNote](http://glenviewpl.org/PositiveNote).
